

# DONOR INTELLIGENCE

Find and qualify potential donors with our **donor intelligence report**, that utilizes the industry's most accurate and comprehensive donor data.

## Turn data into donations

### Identify and prioritize your best donors.

Use predictive scores and real-time data about donors to know who to target, when, and why.

### Connect, meaningfully.

Leverage rich insights to personalize and tailor outreach for maximum impact.

## Get a 360° view of donors and prospects.

iWave offers an unrivaled blend of best-in-class data and actionable insights, enabling you to engage best-fit prospects and donors with the right message, at the right time.

### Wealth Data

Gain insight into capacity to give and determine future gift asks using wealth indicators such as real estate holdings and investments.

### Giving Data

Make more educated, data-driven gift asks by understanding past giving behavior and causes supported.

### Biographic Data

Get essential prospect information such as contact data, educational background, and professional network.
